4. Licenses for distilleries shall be renewed annually. Whenever any alterations are made in the buildings or plant, fresh descriptions and plans of the distillery buildings must be filed, together with a certificate from the Distillery Officer that they are correct. Applications for renewal shall be submitted to the Alderney Deputy Commissioner through the Distillery Inspector.

Removal of Distillery Rooms

5. Distillers shall so arrange their stills that their wastes shall discharge into closed and locked receivers, to be provided by them and to be approved by the Commissioner, of such description that no spirits can be removed from them until they are unlocked. They shall also provide and maintain suitable and secure fastenings to all stills, spirit receivers, fermentation rooms, driers, etc., to the satisfaction of the Commissioner, for the shuttling of locks to be provided by Government. But where locks are attached to any of the fittings of a distillery for the convenience of the distiller, and to save them the expense of making alterations, the cost of such locks shall be borne by them. The keys of all such locks will be retained by the Government officers in charge of the distilleries, but distillers will be at liberty to affix their own locks also on all stills, receivers, etc., on which Government locks are placed, provided that they shall always, on the requisition of the Collector, or of the officers in charge of the distilleries, or of other superior officers of the Salt, Alkali and Customs Department, immediately remove their locks so as to allow the free inspection of the stills and receivers on which and of the rooms on the doors of which such locks are placed and of all the contents of such stills, receivers and rooms.

Arrangement of Stills, etc.

6. Distillers shall, if the Commissioner so direct, provide between the still and the spirit receiver a glass "sash" by which the quality and strength of the spirits which are passing will always moment be visible to the operator, or a sampling apparatus so constructed that for every sample drawn off an exactly equal quantity shall be discharged into a closed and locked receptacle. If desired, both a "sash" and a sampling apparatus may be used. The distiller shall also, if so required, provide branch pipes fitted with cocks by means of which spirits of different strengths and qualities may be directed into separate receivers.

7. Distillers shall so arrange their spirit receivers and store vats that the spirits may be conveyed through closed pipes from the former into the latter by gravitation, or, where this is not practicable, shall provide apparatus whereby the spirits can be pumped from the former to the latter through closed pipes.

8. All receivers and vats in the distillery shall be so placed as to admit of the contents being accurately gauged or measured and must be fitted to the satisfaction of the Commissioner with proper dipping rods so adjusted to fixed dipping places that the contents may at any time be ascertainable. The receivers and vats shall also be gauged in such manner as the Commissioner may from time to time direct; and no vessel shall be used as a receiver or store vat until it has been gauged and the gauging has been checked by such officers as the Commissioner may appoint.

9. Distillers shall give the Inspector of the Distillery Circle fifteen days' notice in writing of the date on which they propose to begin to distill.

10. Any distiller desirous of expounding spirits made in his distillery, i.e., containing not for beverage, plain spirits so as to make them suitable for brandy, whiskey or rum, shall, at application to the Collector of the district, be granted, unless the Collector sees reason to the contrary, a special "expounding license" in such form as the Commissioner may from time to time prescribe and a fee of Rs. 250 shall be levied for each such license. A separate license shall be required for each distillery and it shall be in force during the continuance of the distillery license and not for any longer period.

11. In case a distiller shall cease distilling or issuing spirits for a period exceeding one month, the Commissioner may withdraw the establishment situated at the distillery and may prohibit all further distillation and issue of spirits until the distiller has given the Distillery Inspector fifteen days' notice in writing of the date on which he proposes to recommence distilling or issuing spirits at the rate may be.

12. The strength of the guard maintained at distilleries shall ordinarily be two men, but when, in the opinion of the Commissioner, such guard does not afford sufficient security, it may be increased at his discretion, and the distiller shall, if the Commissioner so order, be held responsible for the extra cost entailed on Government by such additional establishment.

13. Where it is necessary to employ additional establishment to cope with work done for or issued made to other premises, the Commissioner may direct that the cost of such establishment shall be borne by the distiller.

SECTION III.—WAREHOUSES.

11. Contract suppliers who have been called upon to establish warehouses in their contract areas shall file descriptions and plans of the buildings in which they propose to establish warehouses, and shall state the description and size of the permanent apparatus which they propose to use. It shall be open to the Commissioner to verify at any time the descriptions and plans above mentioned, and, on proof of error, to require fresh descriptions and plans to be submitted. Such verification may be made by any officer deputized for the purpose, and such officer shall be allowed full access to the premises. A duplicate of the warehouse plan approved by the Commissioner shall be provided by the warehouse-keeper to be filed in the office of the District Inspector concerned.

No alteration or addition shall be made in or to such buildings, or in or to such permanent apparatus without the permission of the Commissioner. If the Commissioner so directs, officers in charge of warehouses may permit minor alterations to be made to such buildings or permanent apparatus subject to his subsequent approval.

12. *Plans.*—Persons desirous of constructing new buildings to be used as warehouses are advised, before commencing to erect, to submit plans and estimates of the buildings proposed to be erected to the District Officer, who will forward them for the approval and advice of the Commissioner. Any alterations and additions suggested by the latter officer to the plans submitted to him should be duly attended to and reported on when covering the buildings. Persons neglecting to comply with such regulations will run the risk of being refused a warehouse licence.

13. As a general rule warehouses will be supervised by Sub-Inspectors whose whole time will be devoted to the purpose. Where the extent of the operations does not demand the whole time of the supervising officer, the Inspector of the District Circle in which the warehouse is situated will arrange with the warehouse-keeper the number of hours per day on which the warehouse will be opened for receipt or issue of liquor and for operations such as unloading. The times so fixed shall be posted up on the outer door or gate of the warehouse for the information of purchasers. When they are unavoidably exceeded owing to the operations being necessary, the warehouse-keeper shall give to the officer a certificate stating the time in excess of the prescribed hours during which the warehouse was open and the reasons necessitating the extension. The officer will sign the certificate and forward it with his weekly diary. Should it appear to the Inspector at any time that a re-arrangement of the work is rendered necessary, he will at once take steps to reduce or extend the number of hours during which the warehouse is to be opened.

14. No spirits shall be received into any warehouse unless accompanied by a permit from the officer in charge of the distillery or of the warehouse from which they have been transferred, or, by a special permit authorizing their receipt into the warehouse; or, if the spirits be imported, by a permit from such officer or person as the Commissioner may from time to time authorize and direct to grant permits for the transport of imported spirits. All spirits received into warehouses shall be gauged and proved on arrival, and the warehouse-keeper shall thereupon become responsible under rule 22 for the quantity and strength of the same.

15. The warehouse shall be under the joint lock and key of the officer in charge thereof and the warehouse-keeper.

16. In cases in which a warehouse is ordinarily opened only for certain hours each day it may be opened at other times if the officer is able to attend without interference with his other work, and if the warehouse-keeper gives him due and sufficient notice.

17. Warehouses supervised by a full-time officer shall be opened and closed at such hours between sunrise and sunset as the District Inspector in consultation with the warehouse-keeper may consider suitable. They will be closed on Sundays and authorized holidays except under special conditions and if opened on such days the officer will be entitled to overtime fees for the time worked on the requisition of the warehouse-keeper. Provided that the officer in charge of a warehouse shall not be required to attend at the warehouse for more than eight hours per diem.

SECTION IV.—GENERAL PROVISIONS APPLICABLE TO DISTILLERIES AND WAREHOUSES.

18. Distillery licences will be granted only to approved applicants. They shall be in such form and for such period as the Commissioner may from time to time prescribe and will be issued by the District Deputy Commissioner. The fees prescribed in rule 3 will be payable annually and must be deposited with the applications for renewal of licences.

21. The Commissioner will appoint each officer or officers of the Salt, Alcohol and Customs Department, as he may see fit to be in the charge of distilleries and warehouses. Distillery and warehouse-keepers shall provide such

other facilities as may be required for the use of such officers within the distillery or warehouses. If a distillery or warehouse is established at any place where suitable quarters for such officers or officers are not available or are not to be hired at reasonable rates, the distiller or warehouse-keeper shall provide quarters to the satisfaction of the Commissioner at rates not exceeding those given below. The distiller or warehouse-keeper shall be bound to keep the quarters and their appointments in proper repair and not to interrupt or annoy any officer residing therein in his office or enjoyment thereof. In any question should arise as to whether the rent demanded by the owner of such quarters is just and reasonable, taking into consideration the nature and sufficiency of the accommodation, the question shall be referred to the Commissioner whose decision thereupon shall be final and binding on the distiller or warehouse-keeper concerned.

Distiller and warehouse-keeper may be required to provide office furniture, and also quarters for establishment on payment of rent.

In case of neglect or refusal to make deposit and execute agreement, as aforesaid, within ten days of the date on which the approval of an application for a license shall have been communicated, such approval may be withdrawn and the fee already deposited may be forfeited. 28. Distillers and warehouse-keepers shall be open only for the entrance and exit of persons who have business within them. Except with the permission of the Inspector of the distillery, no one, except officers of that department and the superior officers of other Government departments, distillers and warehouse-keepers, their servants, and licensed vendors or their servants or agents who have come to purchase spirits shall be allowed to enter the premises on any pretext. Such accounts shall be open at all times to the inspection of the officer in charge and of all superior officers of the Department of Salt, Akkari and Customs Revenue.

32. All spirits in distilleries and warehouses shall at all times be open to gauging and proof by the officer in charge and of all superior officers of the Department of Salt, Akkari and Customs Revenue.

It shall be lawful for the Collector to deduct the amount of all fines

imposed under this clause from the sum deposited by the licensee as security for the due performance of the conditions of the licence, and for the purpose the Collector may sell any or all of the Government pecuniary notes or stock notes deposited, or of the property hypothecated.

26. The imposition of the fine or the forfeiture of deposit or the cancellation of the licence under the last preceding rule shall not be held to prevent the prosecution of any person for any offence which may be committed against the provisions of the Madras Abkiri Act, 1855, or other law for the time being in force and relating to the abkiri revenue.

27. If a distiller or warehouse-keeper shall be convicted of a prosecution before a Magistrate of any offence against the Madras Abkiri Act, 1855, or other law for the time being in force and relating to the abkiri revenue, it shall be lawful for the Commissioner to declare his licence forfeited.

28. All sums payable to Government by a distiller or warehouse-keeper may be deducted from the amount of his deposit, or may be recovered by attachment and sale of his property under any law for the time being in force for the recovery of arrears of land revenue.

29. Any sum deducted by the Collector under the powers herein contained from the deposit of a distiller or warehouse-keeper in security for his due performance of his engagements shall be replaced within fifteen days from the date of receipt of a notice from the Collector informing the distiller or warehouse-keeper of such deduction having been made.

30. On the expiry of his licence (unless a fresh licence shall have been granted him), or if his licence shall be cancelled or suspended, every distiller or warehouse-keeper shall be bound forthwith to pay the duty on and to remove all spirits remaining within the distillery or warehouse; and if he shall fail to do so within ten days of the expiry of his licence, or if he shall fail to do so within ten days of the expiry of his licence, the cost of any establishment which it may be necessary to employ at the distillery or warehouse may be recovered from the defaulter. In the event of continued neglect, the spirits shall be liable to be forfeited at the discretion of the Commissioner.

31. The officer in charge of a distillery or warehouse may eject and exclude from the premises any person whom he shall find to have committed or to be about to commit any breach of these rules or of the provisions of the Madras Abkiri Act, 1855, or who shall be intoxicated, riotous or disorderly. All action taken by any such officer under this rule shall forthwith be recorded by him in writing in his official diary for the information of his official superior.

32. Distillers and warehouse-keepers shall be bound by all additional general rules for the management of distilleries and warehouses or for the issue of spirits therefrom which may already be in force or which may hereafter be prescribed under the existing Abkiri Law or under any law which may hereafter be enacted and by all special orders issued by the Commissioner with regard to individual distilleries, and shall cause all persons employed by them in the issue, etc., of spirits to obey all such rules.

33. Except as otherwise provided, all orders passed and proceedings taken under these rules by officers of the Department of Salt, Abkiri and Customs Revenue, shall be subject to appeal to their respective immediate superiors within two months. The decision of the Commissioner on any such appeal shall be final.

34. Distillers and warehouse-keepers shall execute engagements to the Abkiri Deputy Commissioner agreeing to be bound by the above and the following rules and stipulations for themselves, their heirs, legal representatives and assigns.

35. Overtime fees may be paid to officers in charge of distilleries, whether coastal or otherwise, and of warehouses, under such conditions as may be framed by the Commissioner.

SECTION V.—RULES RELATING TO THE ISSUE OF SPIRITS FROM DISTILLERIES AND WAREHOUSES

36. Spirits of any strength may be made and kept in store in distilleries or deposited in warehouses; but issues to licensed vendors under clause II (a) of rule 40 shall be restricted (a) in the case of country spirits to the strength of 30°, 35°, or 40° under proof and

(b) in the case of spirits made in colour and/or flavour to resemble (i) brandy, whiskey or rum to a minimum strength of 25° under proof and (ii) gin to a minimum strength of 30° under proof, or such other strengths as may from time to time be prescribed.

* Note: — In the low-hole area used for library the strength prescribed for masonry spalls is 41° and in post.

47. In order that they may be able to locate spirits at the prescribed strength distillers and warehouse-keepers will be permitted, on application to the officer in charge thereof, to blend or reduce spirits to these strengths to such rate as may be approved for the purpose by the Excise Officer. Should no reduced spirits shall be kept in a separate receptacle.

18. If any modification of another matter of such a nature as to obscure the indications of the hydrometer shall be introduced into spirits, duty will be calculated on the quantity and strength of such spirits as ascertained before the introduction of such matter. No allowance will be made for wastage in such spirits after the addition of such matter and before removal from the distillery. Such spirits shall be kept in a separate receptacle.

Removal of silica from Portland cement.

42. Spirits may be removed from distilleries or warehouses—

I. Under bond—

(b) for transport to another distillery or warehouse;
(c) for export to other British Possessions, when specially permitted by the Board of Inland Revenue.

II. On payment of debt—

49 No spirits shall be removed from any distillery or warehouse until they have been gauged and proved by the officer appointed for the purpose. The gauging of spirits may be made either by actual measurement or by weight.

51. No spirits shall be removed from any distillery or warehouse area under cover of a permit issued by the officer in charge. If the distiller or warehouse keeper has presented a bond in the prescribed form, the officer in charge may issue permits for the removal of spirits up to the quantity covered by the bond in the case of transport under Rule 49 I (3) (g) otherwise, he will only issue a permit (1) on proof that duty has been paid on the quantity of spirits to be removed either at the field rate or at such rate as may from time to time be prescribed by the Governor in Council under section 17 (c) of the Madras Abkine Act, 1886, for the local area for consumption in which the spirits are declared or (2) under special orders from the Board of Revenue in the case of export under Rule 45 I (c) and 49 IV and from the Collector of the district in the case of import under Rule 45, clause 2 (c), (d), III or IV.

Provided that Collectors may permit distilleries and warehouses to keep in tanks deposits in advance for the payment of duty and may allow the removal of spirits from these to time up to the limit of such deposits without separate payment of duty on account of each separate shipment of spirits removed.

52. When spirits are returned from a distillery or warehouse without payment of duty, the distiller or warehouse keeper shall execute a bond for the payment of the duty on them at the tariff rate in case of his failure to account for them to the satisfaction of the Collector. In the case of spirits exported by sea the bond shall be executed with one or more sureties.

which shall remain in force until cancelled, or special for specified occasions and particular assignments only, and shall be in each case as the Commission may, from time to time, prescribe to such particular cases.

54. Spirits may be used for local consumption only (a) Throughout the Presidency—

To whom loans for local consumption may be made.

(d) to private persons for domestic consumption but not for sale,— provided that the spirits issued are made from coconut toddy by the supply restrictions or are plain rectified spirits or spirits made in other and/or lesser to resemble gin, brandy, whiskey or rum.

(b) within the districts or parts of districts the monopoly of supply of which has been granted to the distiller to licensed independent smack shop-keepers and licensed wholesale vendors of country spirits and (c) within those districts or parts of districts for the supply of which no monopoly has been granted to (i) licensed independent smack shop-keepers and (ii) licensed wholesale vendors.

Provided that ordinary arrack shall not be issued to foreign liquor vendors of any description. Distillers and warehouse-keepers shall be bound to supply country spirits to all persons licensed to purchase from them on payment of the value in legal tender as long as they have stock on hand.

55. Duty shall be paid at the following rates on all spirits issued from distilleries unless they are removed under bond or sold to officials of Government on account of the public service:—

(1) If denatured, at the rate of 5 per cent. or at such other rate as may be prescribed by any law for the time being in force.

(2) From distilleries and warehouses—

(i) On spirits issued to the persons mentioned in rule 54, classes (a), at the tariff rate.

(ii) On spirits issued to the persons mentioned in classes (b) and (c) of rule 54 at such rate as may, from time to time, be prescribed by the Governor in Council under section 17 (c) of the Madras Act, 1886, for the land area for consumption in which the spirits are denatured.

56. No smaller quantity of spirits shall be issued at any one time to any of the persons mentioned in rule 54 than the following:—

	Imperial gallons.
To a person mentioned in class (a)	4
To a licensed wholesale vendor of country spirits	8
To a licensed independent smack shop-keeper	1

57. The Commissioner may fix, from time to time, the maximum price to be charged by distilleries and warehouse-keepers for spirits issued from a distillery or warehouse to (i) licensed independent smack shop-keepers and (ii) licensed wholesale vendors of country spirits.

58. An allowance will be made for the loss in transport by leakage and evaporation of spirits transported or exported by land under bond up to the maximum amounts shown below:—

	Per cent.
For a distance not exceeding 10 miles	50
For a distance exceeding 10, but not exceeding 100 miles	5
For a distance exceeding 100, but not exceeding 100 miles	7½
For a distance exceeding 100 miles, but not exceeding 1,000 miles	10
For a distance exceeding 1,000 miles	15

If the report of the officer by whom a consignment of spirits transported or exported by land under bond has been gauged and proved as seized at its destination should show that wastage to a greater extent than the above has occurred, the distiller or warehouse-keeper shall pay duty at the tariff rate on so much of the deficiency as is in excess of the above allowance. Provided that, if it shall be proved to the satisfaction of the Commissioner that such deficiency has been caused by accident or other unavoidable cause, the duty levied on such deficiency shall be refunded. The Commissioner's decision shall be final.

The allowance to be made under this rule will be determined by deducting from the quantity of spirits dispatched from the distillery or warehouse the quantity received at the place of destination, both quantities being stated in terms of London proof gallon, and will be calculated on the quantity contained in each cask or other receptacle concerned in a consignment.
